

# Summertime Fun and Learning at The Goddard School®

**Call today for a complete summer calendar!**

Give little wanderers their **Passport Around the World** and watch them learn as they grow - they'll explore the foods, homes, and lifestyles of families all over the world. They'll investigate an archeological dig, listen to the opera music of Italy, spend a little time "down under," and take a trip to Brazil. With passports in hand, they're off to the South Pole, China, India, and South Africa before heading home.

The **Passport Around the World** calendar also includes special visitors and cultural events throughout the summer. Visitors provide exciting learning opportunities in a safe environment, and include community helpers; performances by storytellers, musicians, and magicians; as well as outreach programs through local museums.

## ARTS & CRAFTS

Luggage Tags
