

FIFTEEN 2010 TOY TEST FINALISTS

ANIMAL TRACKS (SUGGESTED AGE RANGE: 4 & UP)

Match the animals to their tracks while playing concentration, bingo and guess the tracks games. This unique game is exciting, fun and educational.

BABY STELLA (SUGGESTED AGE RANGE: 1 & UP)

The Baby Stella soft doll collection has lifelike toes, belly buttons and plump tummies with a wide variety of adorable outfits and accessories. Baby Stella gives children the chance to learn how to nurture and care for their love-able dolls and valuables.

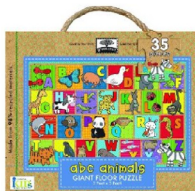

BABY STELLA CUTE COMFORT CAR SEAT (SUGGESTED AGE RANGE: 3 & UP)

Baby Stella Cute Comfort Car Seat provides a soft carrier for your child's favorite Baby Stella doll. This fun accessory supplies your child with a new way to play and take care of their Baby Stella doll so he/she can go anywhere your child goes.

CITI BLOCS 200 PIECE HOT & COOL COLOR SETS (SUGGESTED AGE RANGE: 3 & UP)

CitiBlocs inspire open-ended play and creativity. Start low and wide, and then stack them high and narrow. Whatever your preference, the Citiblocs 200 piece set will keep the enthusiastic builder flexing his or her imagination while developing fine motor skills.

GREEN START GIANT FLOOR PUZZLE (SUGGESTED AGE RANGE: 3 & UP)

Kids will love assembling this earth-friendly giant floor puzzle to discover a wild animal for each letter of the alphabet. It also teaches spatial relationships and sorting.

GREEN TOYS BLOCKS (SUGGESTED AGE RANGE: 1-5)

Green Toys Blocks are an environmentally friendly basic building set. All 18 boldly colored blocks are oversized and lightweight, making it super easy for tiny hands to stack and unstack. This unique block set includes a variety of shapes for building castles, towers, or any imaginative structure budding architects can dream up.

GREEN TOYS STACKER (SUGGESTED AGE RANGE: 1-5)

The Green Toys Stacker takes a classic toy and makes it safer and more playful. The eight whimsically colored nesting pieces stack easily from large to small, while also allowing little builders to use their imagination and stack in any order. Little ones can develop hand-eye coordination and color recognition while having plenty fun.

GUESS MY PICTURE (SUGGESTED AGE RANGE: 4 & UP)

A game of creating and identifying pictures made from different shapes. It is part art project, part puzzle and part guessing game! Guess My Picture promotes spatial thinking and fine motor skills.

KID K'NEX RAILROAD PALS BUILDING SET (SUGGESTED AGE RANGE: 3 & UP)

Build fun train cars, engines, cabooses and more! The Railroad Pals Building Set includes an idea sheet with 20+ building ideas to inspire creativity and a handy storage container for easy clean-up.

LIRUM RATTLE (SUGGESTED AGE RANGE: 6 MONTHS & UP)

This beech wood rattle twists, bends and shakes! Easy to clutch for small hands, great for fine motor development.

MAISY IN OVERALLS & BOOK (SUGGESTED AGE RANGE: 3-6)

Maisy introduces little ones to early learning concepts and leads children through life's funny, frustrating and fantastic moments.

MEDIUM CLASSIC DINO ZIPBIN (SUGGESTED AGE RANGE: 3 & UP)

The Dinosaur toy bin's dramatic exterior identifies the contents and will look great in your child's room. When the bin is unzipped, it becomes a dinosaur island Playscape™! This activity mat is perfect for playing with dinosaurs, animals, vehicles, boats, action figures, etc. Fantasy play is encouraged by a prehistoric world featuring a volcano, a river, a tar pit and a mysterious cave.

MY VERY FIRST GAMES (SUGGESTED AGE RANGE: 2 & UP)

Who can assemble or take the building blocks off their castle first? Handy and in beautiful material - also suited for free play! These games foster different skills and introduce first games with rules.

PULLING TOY COTTI (SUGGESTED AGE RANGE: 10+ MONTHS)

Now children just don't have to count the sheep, they can pull the sheep. The Pulling Toy Cotti features soft plush sheep with removable wheels.

SLIMY, SQUISHY POLYMER FUN (SUGGESTED AGE RANGE: 4 & UP)

Just add water to unleash the fun in this set today. Hydrate Silly Squares and try to stack and build with them, watch your Slipper Spheres grow over 100 times their size in a matter of hours! Throw them, roll them, bounce them and watch their colors blend. Make your own multicolored slime however you like it, thick or thin, chunky or smooth! Grow your own multicolored miniature icebergs with JellyStones. Mix the polymers together and make your own creation!
