TECHIE KIDS CLUB is a weekly in-person technology and robotics enrichment class at your child's preschool.

Techie Teachers

Our Teachers are the best-trained in S.T.E.A.M. learning.

Hands-On Learning

Teachers use a combination of devices and activities to teach coding concepts like algorithms, sequencing, and loops.

S.T.E.A.M Curriculum

Our curriculum focuses on incorporating science, technology, engineering, art, and mathematics when teaching and working with children.

Downloadable Activities

In order for students to remain well facilitated, we provide downloadable activities that follow our take home activities.

Techie Kid Club Membership Includes:

- ⚙️ Weekly in-person robotics and technology enrichment classes at your child's preschool.
- ⚙️ Club t-shirt.
- ⚙️ Techie Kids Club's degreed teachers deliver weekly hands-on interactive sessions, including:
 - 🌱 Fundamentals of coding using a variety of games, stories and activities
 - 🌱 Robots and programming lessons with kid-friendly robots
 - 🌱 Gamification and storytelling lessons
