About Our Camps

The Goddard School of WESTERVILLE (POLARIS)
8750 Olde Worthington Road • Westerville, OH 43082 • 614-882-0111 •

I Am Changing

For the first four weeks, your child will explore themselves and their identities. They will think about their strengths, abilities, interests, and what makes them unique. As they are learning about themselves, they will learn how to ask questions, find answers, play, be creative, and develop an awareness of their peers and learn to relate to others. Children will have the opportunity to try new things and develop personal preferences.

The World is Changing

We will be exploring the world around us and how it is changing. Through a variety of experiences, we will be thinking about places we visit, near and far. From our local community to the planets in our solar system, we will explore how each piece connects. Your child will use observations, experiments, and sensory exploration to learn about the natural elements and how they depend on one another.

I Can Change the World

We will be connecting the first two parts of our summer learning adventure during our final theme. Children will be applying what they have learned about themselves and the changing world around us. What can you do in your community to create change? Pick up trash, plant a seed, teach toddlers a new song, or read a book to preschool students? We invite children to collaborate to create changes in the community they want to see!

In House Field Trips

Join us for special visitors and events! Our summer lineup includes visits from The Columbus Zoo, The Bug Man, Captive Born Reptiles, Kona Ice, musical lessons and a petting zoo. We will also have Storytellers, Magic Shows, a Puppet Show, and a few Family Events this summer! Look for the darker boxes on the calendar to see dates and times for special events. We hope to see you all this summer!
